Mailing List Rental Information/List Selections

The American Public Human Services Association, founded in 1930, is a nonprofit, bipartisan organization of state and local human service agencies, individuals who work in or are interested in public human service programs, and partner agencies. Our mission is to develop and promote policies and practices that improve the health and well-being of families, children, and adults. We educate Congress, the media, and the general public on social policies and practices and help state and local public human service agencies achieve their desired outcomes in Temporary Assistance for Needy Families, child care, child support, Medicaid, food stamps, child welfare, and other program areas and issues that affect families, the elderly, and people who are economically disadvantaged.

List Selections (please order by product code). Please note that all counts are approximate; data changes occur daily.
